

Introduction

Employer's Shift Substitution Certification

Form Last Revised: February, 2020

Massachusetts General Laws, Chapter 32, Section 1 defines regular compensation as "compensation received exclusively as wages by an employee for services performed in the course of employment for his employer."

Shift substitution permits a member to work a shift for another similarly situated employee. It is imperative that a member repay shifts prior to retirement so that the member is able to utilize all available creditable service and regular compensation in calculating his or her retirement allowance pursuant to Massachusetts General Laws, Chapter 32, Sections 1 and 4(1)(a).

If a member who has engaged in shift substitution seeks to retire, his/her Employer must certify that all shifts have been repaid for the time period in question.

Please consult PERAC Memoranda 30 of 2011 and 17 of 2012 for more information.

(This should not be construed to exclude other forms of authorized leave from the calculation of regular compensation or creditable service.)
